Also a complete line of good black high shoes and oxfords from \$2.50 up.

We are selling agents for the famous Queen Quality Shoes and carry the genuine Martha Washington Comfort Shoe.

Golden Rule Dry Goods Co.

MANY APPLICATIONS RECEIVED IN SANTA FE AT U. S. OFFICE

August Breaks All Records for the Number of Applicants for Lands; Amended Homestead Act Stimulates Business.

Santa Fe, N. M., Sept. 18.—August broke all records for the number of applications for lands received, according to the monthly report compiled today. The total applications were 140.

Land office officials here this morning said that while the number of applications received in August was a record, the number of applications received in the month of July was also a record. They said the large number of applications in August was due to the amended homestead act, which became effective in July, and to the fact that the land office had been working to clear up the backlog of applications.

Three hundred and twenty-five applications were made in the land office in August, compared with 250 in July and 200 in June. The applications were for various types of land, including homesteads, mineral lands, and public lands.

The amended homestead act, which became effective in July, provides for a 160-acre homestead, instead of the 80-acre homestead provided for in the original act. It also provides for a 320-acre homestead, which was not provided for in the original act.

The land office officials said that the amended act has stimulated business in the land office, and that they expect to receive a large number of applications in the future.

EDDY COUNTY FAIR CLOSES FOLLOWING THREE-DAY SESSION

Exhibits Unusually Fine and the Attendance All That Could be Desired; Many Amusements Held Add to the Success.

Artesia, N. M., Sept. 18.—The Eddy county fair has just closed a successful three-day session here. The attendance was good, the weather was ideal, the exhibits were unusually fine, and the amusements were held to the satisfaction of the visitors.

The fair was held at the Artesia fair grounds, and the exhibits were displayed in the new building which was erected for the purpose. The exhibits included a large number of agricultural products, including wheat, corn, and cotton. There were also exhibits of livestock, including cattle, horses, and sheep.

The amusements were held in the evening, and included a variety of games, races, and other attractions. The fair was a great success, and the attendance was all that could be desired.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

At. Atty. N. C.—Mrs. Sarah M. Chappell, of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly troubles, such as headache, backache, acidity, indigestion, and that everlasting tired feeling?

No, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui today. You won't regret it. All druggists.

Write for literature: Medicine Co., Dept. 100, 100 North Third Street, New York City.

New Jitney Line Will Run Over a Belt Route

A new jitney line is to be started. C. H. Matthews has a license for it.

It is to be, in a measure, a bus line. The route will be from Old Town to Water, Water to Central, and Central to Old Town.

A regular schedule of the line will be held forth at the office of the line.

Take Advantage of This Plan at Once

It Means Much to Your Children

No one can question that the future of Albuquerque is the future of her children.

Twenty-five years from today many of our present children will be directing the affairs of this city. Where will your children stand? Will they be among those who go ahead or those who stay behind?

Teach them to save. While the money is new and fertile, get them in the habit of putting away something of it for the future, and you point the way to success.

This Bank Wants to Help

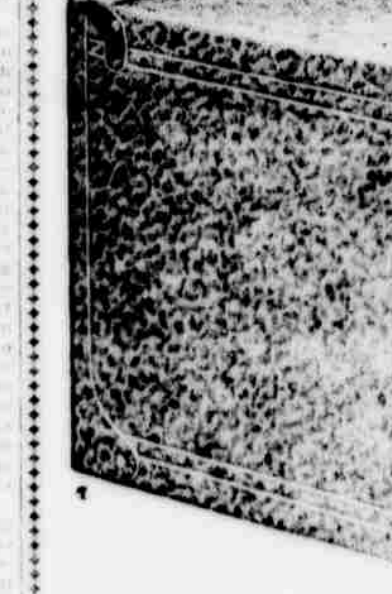

To help develop this habit of saving among the boys and girls of Albuquerque and vicinity, the First Savings Bank & Trust Company has started a special campaign to get the children's accounts. It wants the children to bank upon their own future.

And, to attract the children's interest in the plan, we have arranged to give, as a souvenir, to every boy or girl who starts an account with us of \$5.00 or more, a reliable, practical camera made and backed by the Eastman Kodak Co., of Rochester, N. Y.

The Camera

This offer closes Saturday, September 30, 1916. Have your children take advantage of it at once. The camera will mean great fun for them now. The account will add to their happiness in the future.

The Camera

The camera is a reliable, substantially constructed Kodak camera made by the Eastman Kodak Co., of Rochester, N. Y.

It takes 2 1/2 x 3 1/2 inch pictures and has a built-in flash with 12 exposures. It is fitted with automatic shutter and carefully tested lens.

So simple that any boy or girl can make good pictures with it. No experience necessary.

A camera of genuine Eastman quality—certain to give satisfactory results.

And with each camera goes a year's free subscription to the most interesting and helpful photographic magazine published, "Kodakery."

The First Savings Bank & Trust Co.

Albuquerque, N. M.

DEVELOPMENT WORK GOING FORWARD ON LORDSBURG MINE

500-foot Shaft Is Being Sunk at Lee's Peak, New Machinery Is Being Received and Soon Will be Installed.

Lordsburg, N. M., Sept. 18.—Development work in the development of one of the best properties in the Lordsburg district has been going forward for some time. The property is owned by the Lordsburg Mining and Smelting Company, and the work is being done by the company's engineers.

The work includes the sinking of a 500-foot shaft at Lee's Peak, and the installation of new machinery. The shaft is being sunk by the company's engineers, and the machinery is being received from the company's suppliers.

The work is being done in a hurry, and the company expects to complete the shaft and install the machinery in a few weeks.

New Mexico News Notes

The Santa Fe Merchants Association has elected Joseph L. Hayward president, J. A. Davis first vice president, Miss Anna Hanson, second vice president, Nathan Johnson, third vice president, George Munnell, fourth vice president, Norm E. Summers, secretary, and J. H. Will, treasurer. After the business was disposed of, informal talks were had as to the best way and means for furthering the work of the association. It was decided that the Santa Fe merchants would attend the state meeting at Albuquerque during the state week. It is assumed that they will develop upon the Duke City, with a motor train, properly bedecked with bannermen. Probably 100 will be in the crowd.

The Chaves Factory and Foundry Company, located at Chaves, Curry county, has taken out incorporation papers. The company is incorporated for \$10,000 and its object is to acquire, own, rent and make engines, machinery and general farming implements.

Roswell cattle and sheepmen report that as a result of the recent rains there is growing grain and that the range is already in an excellent shape.

Shawnee is to have a five up-to-date show. The present show house will be demolished and a commodious building will be erected on the site. The show will be held in the new building, and the people of Shawnee will have a fine show to look forward to.
